1. Teacher's day

The Teacher's Celebration event on September 5th, 2023, organized by the CSA Committee in Room 310, was a heartfelt success. Attendees honored educators through activities like the Whisper Challenge, Pictionary/Guess the Gibberish, and Karaoke. Led by dedicated event managers, these activities fostered camaraderie and appreciation among participants. The event highlighted the profound impact teachers have on students' lives, expressing gratitude through engaging and heartfelt gestures. Overall, it underscored the strong bond between teachers and students, leaving a lasting impression of gratitude and admiration.

2. LOGO COMPETITION

The CSA Club's logo competition generated excitement and anticipation, inviting participants to create logos reflecting the club's mission and values. A wide range of creative submissions,

from minimalist to intricate designs, were submitted in high-quality PNG format, with the deadline set for September 8th, 2023. A distinguished panel of judges evaluated the entries based on originality, relevance, and aesthetic appeal. The competition highlighted the community's vibrant creativity and collaboration, and the winning design will soon be unveiled as the emblem of the CSA Club.

3. BITFLIP techfest 2k24

The "BITFLIP" event, organized by the Department of Computer Engineering under CSA, took place on September 15, 2023, with over 100 students participating, guided by Prof. Rushikesh R. Nikam and attended by Prof. Sachin Malave.

Key Events:

1. **Kon Banega Tech-savvy**:

   - A coding quiz that brought together tech enthusiasts, especially 2nd-year students, to showcase their technical skills.
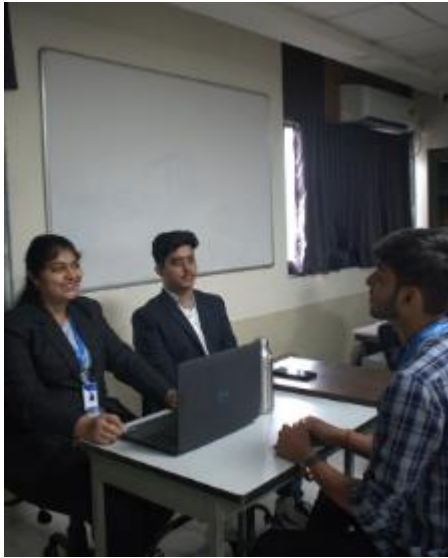

2. **AI-Expedition Workshop**:

   - An immersive workshop on AI and ML, covering history, types, ethics, and future advancements, attracting over 100 students.

3. **E-Gaming**:

   - Featured the BGMI Challenge and Stumble Royale Showdown, offering team and individual gaming experiences.

The event highlighted the community's enthusiasm for coding, AI, and gaming, fostering innovation and technical knowledge.

4. READY SET HIRE

The Ready Set Hire event, organised by the CSA was a resounding success, providing TE and SE students with valuable insights into real-world job interviews. The event, comprising aptitude tests and personal interview rounds, was designed to simulate the interview process and enhance students' readiness for the job market. Notably, BE students played a pivotal role by conducting interviews, offering mentorship to their junior counterparts. The event received overwhelming participation from students and faculty alike, highlighting its significance in career development. Participants appreciated the opportunity to gain practical interview experience and receive constructive feedback. The event fostered collaboration and mentorship within the CSA community, equipping students with the skills and confidence to succeed in future job interviews. The success of the Ready Set Hire event underscores the CSA's commitment to nurturing students' professional growth and development. Moving forward, we remain dedicated to organizing impactful events that empower students to thrive in their careers.

5. Nexus traders-STOCK WORKSHOP

'Stockwise' was a speaker's event that was organized by Entreprenuership development directors of Rotaract club of Thane East in collaboration with CSA committee in A.P. Shah institute of technology. Speakers for the event were the founders of Nexus Traders namely, Hitesh Gadling and Sujoy Bhattacharya. The event was held in 112, that is the seminar hall of the college with a count of 30 students. The event began with a small introductory speech given by one of the students of A.P. Shah. Later, felicitation of two speakers was held and was done by Prof. Rushikesh R. Nikam with bouquets. After both the speakers were felicitated, they started presenting their presentations in order to proceed with the main event. Students keenly listened to what they had to say as they shared their views on financial independency and money management. The event ended in 1 hour. At the end of the event a doubt session was arranged for students to ask doubts regarding anything related to the event or just to clear up their personal queries. Hence, the event was a huge success.

6. Postman certification

The Computer Students Association organized the "APIs 101 with Postman" event on January 24, 2023, featuring Mr. Manas Nanivadekar, a Postman Student Leader and APSIT student, as the guest speaker. He introduced the Postman API, explaining its use for API testing through an HTTP client with a graphical interface for validating responses. The workshop covered methods, API test errors, and the advantages of using Postman. It included a hands-on session that engaged students, many of whom were beginners, and answered their questions in real-time. The event was highly successful and informative for all participants.

7. LinkInnovate (Linked In Seminar)

Spearheaded by industry expert Kshitiz Jain, the LinkedIn and Profile Building Workshop on January 31, 2024, offered students invaluable insights into leveraging LinkedIn for career

progression. The interactive sessions covered crafting compelling profiles, optimizing them, showcasing skills and achievements, and connecting with professionals. The workshop provided comprehensive guidance on using LinkedIn as a powerful networking platform and personal branding tool.

8. EXALT

Exalt, the technical fest of A.P. Shah Institute of Technology, featured diverse events that engaged the college community in innovation and creativity.

1. **Poster Presentation**:

- Students showcased research and prototypes on topics like sustainable energy and AI, fostering knowledge exchange.

2. **Project Presentation**:

   - Displays of projects in robotics, renewable energy, and healthcare technology demonstrated technical skills and promoted collaboration.

3. **Bingo Code Challenge**:

   - Participants solved coding problems while marking Bingo cards, combining coding skills and strategy.

4. **BGMI Tournament**:

   - Students competed in Battle Grounds Mobile India, showcasing strategic skills and teamwork, fostering camaraderie.
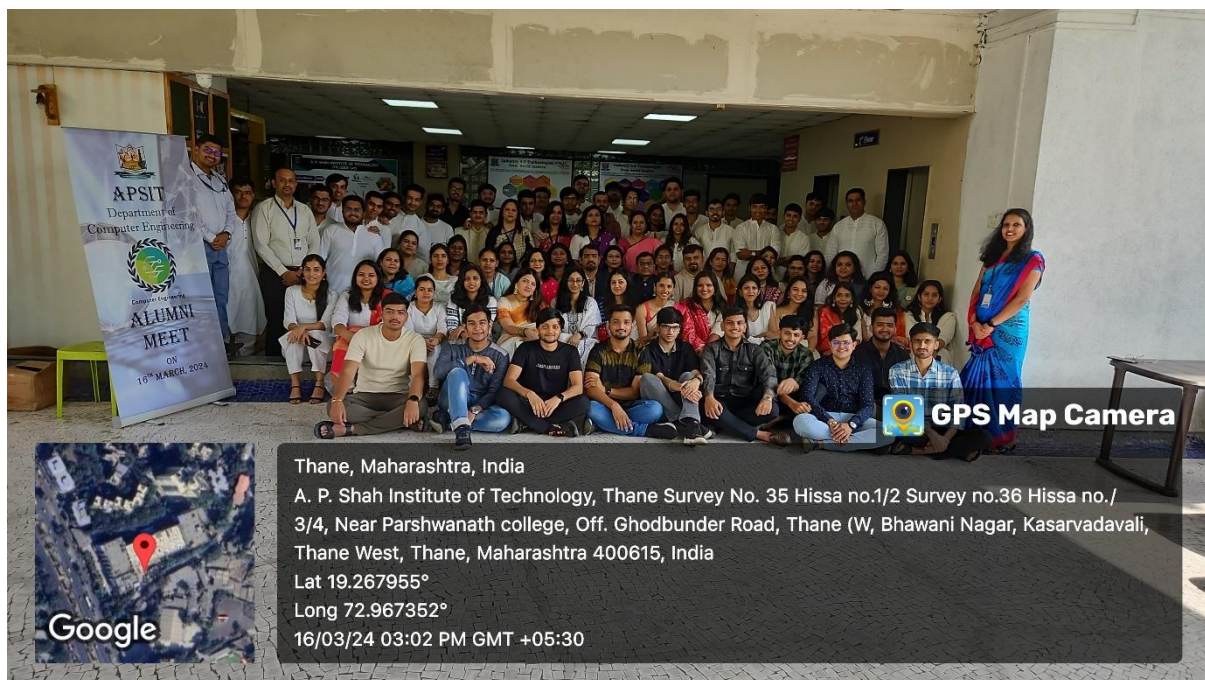

Exalt provided a platform for learning, collaboration, and fun, highlighting technological passion and creativity.

9. PROJECT POSTER PRESENTATION

The BE Students Poster Competition, organized by the CSA on March 15th in Room 008, transformed the venue into a gallery of artistic expression, showcasing the talent and imagination of BE students. Participants presented innovative and visually appealing posters, evaluated by a jury on criteria like originality and theme alignment. The event, held from 9:30 AM to 5:00 PM, featured bold visuals and concepts, leaving attendees, including aspiring artists and engineering enthusiasts, inspired and impressed. The competition celebrated the intersection of art and engineering, highlighting student creativity and dedication, and fostering community admiration and appreciation.

10. ALUMNI MEET

The Department of Computer Engineering recently hosted a vibrant Alumni Meet, celebrating the enduring bond between the college and its alumni. The event, highlighted by speeches from Head of Department Prof. Sachin Malave and Prof. Harshali Bhuwad, emphasized the crucial role of the alumni network in sharing knowledge and supporting current and future students. The meet showcased the inspiring journeys of alumni, from students to successful professionals, and featured energetic discussions and profound insights.

The event celebrated the past, present, and future of the Computer Engineering community, highlighting the lasting impact of alumni contributions on the department's legacy and student success.

11. HACKWAVE

Hackwave 2024, held at A. P. Shah Institute of Technology on April 6-7, gathered 146 teams for a competitive hackathon focused on Sustainability and Intelligent Automation. Following a rigorous selection process, 50 teams participated in the 24-hour coding event, supported by mentors and evaluated by industry experts. The event featured a grand inauguration, problem statement distribution, mentoring sessions, and final presentations, culminating in the announcement of winners and runners-up across both domains. Hackwave 2024 celebrated innovation, collaboration, and technological prowess, leaving participants inspired and equipped with valuable experiences.
